First Day of School –
Tuesday, September 5th

Summer Time!

Today students received their report cards and you will find class placements for next year in the report card as well. Please note some room numbers have changed – the room numbers in the chart below are the most current.

Class Placements are always done with care, consideration, and lots of conversation. A new school year is a fresh opportunity for academic progress and new social connections!

Please see the list of teaching assignments on the next page.

We wish all our families a restful and fun summer break. We can't wait to see you in September.

Play Days!

We are gearing up for our end of year Play Days! Play Days are an opportunity for our students to spend some time participating in some fun activities with students from different classes as well as providing our Grade 6's with some leadership experience before they head off to Middle School.

Play Day Schedule:

Kindergarten – Wednesday morning (Kindergarten playground)

Grade 1-3 – Thursday morning (field, playground)

Grade 3-5 – Thursday afternoon (field, playground)

Grade 6's will run activities and will also be group leaders!

Please remember to send your young person with water, hat, sunscreen and snacks. All students will receive a freezie during the Play Day.

The Air Quality will be monitored throughout the day and should it rise to a level that poses a risk to healthy individuals we will bring students inside.

LET'S PLAY!!

Dear Families at McMurrich,

Our school garden has been planted and needs your attention and help over the summer.

The students need several families to volunteer their time to water and maintain the garden. As a community, please harvest any plants that are ready and enjoy with your family.

Thanks, from the Students in Room 308!

The McMurrich Field

Work is beginning on our field and will continue into the summer months. TDSB grounds crews will be resodding the field so it will be closed for use over the summer. Although it may be inconvenient not to be able to access it in the short term, we are SO excited to have a grassy space for our students to play in the fall!

June is the time for transitions to new and exciting places! Congratulations to our Grade 6 grads and our Kindergarten students who will be "Sliding into Grade 1"!
